

Tap-radio® mini hand-held
transmitter

TF-8FM

8-way wireless mini hand-held transmitter, pure white, with 8 buttons for 8 different pushbutton telegrams. 85x45x18mm, weighs only 60 grams. Generates the power for wireless telegrams when a button is pressed, therefore no standby loss. The buttons are lasered with the numbers 1 to 6 and the symbols for Central ON and Central OFF.

Teaching-in wireless sensors in wireless actuators

All sensors must be taught-in in the actuators so that they can detect and execute commands.

The teach-in process is described in the operation manual of the actuators.

ELTAKO GmbH hereby declares that the products that relates to this operating manual, are in compliance with the essential requirements and other relevant provisions of directive 1999/5/EC.

A copy of the EU declaration of conformity can be requested at the address below.

Must be kept for later use!
